Steam ironing station

SI 2125

Details

Description

The new concept of the ironing system SI 2125 enables 2 applications in one: steam cleaning and ironing. The established universal steam cleaner SC 1125 is combined with the new designed active board AB 1000. Extensive accessories for many application possibilities are also included. Through simple restoring of steamer SC 1125 in AB 1000 both units affiliate into a high-performance ironing system. Ironing almost as professionals. Penetrating 3 bar steam pressure, comfortable steam extraction and blower function enable 50% time saving. The blowing function enables crease-free ironing and conserves sensitive textiles. Multilayered garments can also be ironed with ease. The active steam extraction fixes the garments on the ironing surface and reliably extracts the residual moisture and excessive steam. The optimized design of the ironing surface and the 6-level height adjustment provide additional comfort. The innovative ventilation technology avoids that the user is blown at by outgoing steam.

Application

Professional-style ironing all types of fabrics Everything is immediately ready for putting away in the closet Freshening up clothing Cleaning of kitchen and bath, as well as windows and floors

Features & Benefits

Steamer + Ironing board - 2 applications in 1 - Through simple restoring of steamer SC 1125 in AB 1000 both units affiliate into a high performance ironing station. - A variety of household-applications - Ironing performance like professionals Active steam extraction - The high-performance fan/ ventilator extracts the residual moisture and # excessive steam reliably - The position of the fan avoids that the user is blown at, outgoing air is deflected to the side - Fixes the garments on the ironing surface - Directly dry garments ready for the wardrobe - No condensed water - No stains because of water dropping Blowing function - Conserves sensitive textiles - Crease-free ironing - Simple and comfortable ironin gof troublesome garments (e.g. blouses) Optimized classical shape - Time-tested cone-shaped forefront for easy ironing of shirts and blouses - Universal application - Suitable for left hander and right hander Corrosion protection - Long lifetime - Reliable functionality Innovative ventilation technology - No annoying dropping - No stains because of water dropping - No annoying outgoing air while ironing Integrated power socket - Integrated at the side of the housing - Max. 2250 W - No power cord mess Robust underframe with transportation locking - The 6-level heigth adjustment allows a working height from 75 to 100cm - Anti-slip feet - High stability - Individual adjustment to different body heights possible - Easy ironing while standing or sitting - Light and safe carrying - Easy to stow away New cable holder system - Suitable for left hander and right hander - Individual adjustment - Convenient fixing of the steam cable
